Italian industrial exhibition opened in Hawler

6/9/2007

Today September 6, the city of Hawler, capital of Kurdistan region, witnessed a great event which is the opening of Italian Industrial Expo.

More than 80 Italian investing companies are involved.

The aim behind opening this exhibition is to show that Kurdistan has developed in terms of technology, private sectors and building the infrastructure of Kurdistan region.

The exhibition lasts four days in which the involved companies show their products in various aspects such as architecture, electricity, medical equipments and agriculture.

On September 5, an international expo was also opened in the city of Sulaimani in which many companies from different countries participated in it.

On this Day
